Estimated construction cost: \$279,200.00

Alternate consideration to update HVAC system: \$166,000.00

Total estimated cost: \$445,200.00

FISCAL NOTE:

Budgeted funds in the Capitol Improvement Facilities Fund for remodeling costs.

Project: 20.04J Feasibility Study for the Abilene Police Department

Synopsis Statement

During December 2020 and January 2021, Bruce McMillan and Garric Baker with Bruce McMillan AIA Architects, P.A. of Junction City, Kansas, met with Chief of Police Anna Hatter, Assistant Chief of Police Jason Wilkins, and City Manager Jane Foltz to discuss possible renovations to accommodate the growing Abilene Police Department. The proposed renovations would occur on the second floor of City Hall located at 419 North Broadway. As the building has an elevator, ramp, and ADA accessible restroom, further ADA components were not addressed in this study.

The police department currently resides on the first floor in City Hall, a portion of the Fire Department area, and it has utilized available space by expanding into the unused auditorium as well. However, the needs of the department moving forward will see new technology, a need for expanded space, allocated office space, dedicated workstations, an interview room, as well as a functional layout specific to the Department. Therefore, the Department anticipates moving to the second floor where an open layout can accommodate the needs more suitably than the existing configuration.

The proposed project at the second floor would see the existing landing at the current courtroom receive updates to include finishes, a window for visual security access for the receptionists, and new furnishings. Upgrades within the reception area would entail new finishes, a security door, and bullet-resistant counter and transaction windows. New finishes, modified desk, and storage layouts are provided for the service center to conduct business in a safe manner.

In the north wing of the second floor, the Chief and Assistant Chief of Police will be outfitted with private offices with direct access to the 'bullpen,' allowing for improved communication with officers. The bullpen will include four workstations, radio docking station, filing and storage space, mailboxes, and a dedicated evidence work area. Additionally, this space will include a reporting desk where on-duty officers may sit and write their daily reports at the end of their shifts. The Patrol Sergeant will have a private office. Two investigators will work in a joint office in the northeast corner of the existing space. An interview room is located nearest the rear exit and exit stair. This location is dedicated for confidential informants, suspects, or individuals being interviewed so they can be escorted into the building, up the stairs, and directly into the interview room in a discrete manner.

Improvements to the existing courtroom include removal of flooring, finishes, court furniture and equipment. New finishes include installation of an armory, break room furnishings with coffee bar, refrigerator, and tables/chairs. Additionally, the space can be arranged in a classroom style layout for training sessions.

For visual reference, please see the schematic plans provided within the designated tab. Where decisions and guidance were received, please review the meeting minutes to follow the decision-making process.

Following the schematic design process, estimates of probable cost have been generated for consideration by the Police Department and City Commission. This information is provided in estimated 2021 dollars and represent the best information available at this time. These estimates do not represent a bid or bids that may be received from general contractors that may choose to bid the project in an open bid format and may vary from this information. We thank you for the opportunity to be of service to the City of Abilene and the Police Department. Should the City wish to proceed with the project it is anticipated documents and bidding can occur mid 2021 with construction possibly completed late 2021. Please do not hesitate to contact our office as questions arise.

BACKGROUND:

The City of Abilene budgeted \$41,500 in the 2020 Capital Improvement Fund and \$41,500 in the 2021 Capital Improvement Fund for the purchase of two Ford Explorer Interceptors for the Abilene Police Department.

The new vehicles will replace high mileage units utilized as trade-in.

Staff sought bids from two vendors:

- Shawnee Mission Ford/State Contract Award: \$63,000 (\$31,500 each) with \$10,500 trade allowance/\$52,500
- Valor Automotive: \$67, 000 (\$33,500 each) with \$19,890 trade allowance/\$47,110
- KA-Comm installation of police equipment in vehicles: \$24,860.51

Purchase of the 2020 unit was delayed due to production issues associated with COVID.

Staff recommends making the purchase through Valor Automotive, who with trade allowance was able to provide a bid lower than the State of Kansas contract through Shawnee Mission Ford.

DA-146a Rev. 06/12

4.1. Terms Herein Controlling Provisions

It is expressly agreed that the terms of each and every provision in this attachment shall prevail and control over the terms of any other conflicting provision in any other document relating to and a part of the contract in which this attachment is incorporated. Any terms that conflict or could be interpreted to conflict with this attachment are nullified.

4.2. Kansas Law and Venue

This contract shall be subject to, governed by, and construed according to the laws of the State of Kansas, and jurisdiction and venue of any suit in connection with this contract shall reside only in courts located in the State of Kansas.

4.3. Termination Due to Lack Of Funding Appropriation

If, in the judgment of the Director of Accounts and Reports, Department of Administration, sufficient funds are not appropriated to continue the function performed in this agreement and for the payment of the charges hereunder, State may terminate this agreement at the end of its current fiscal year. State agrees to give written notice of termination to contractor at least 30 days prior to the end of its current fiscal year and shall give such notice for a greater period prior to the end of such fiscal year as may be provided in this contract, except that such notice shall not be required prior to 90 days before the end of such fiscal year. Contractor shall have the right, at the end of such fiscal year, to take possession of any equipment provided State under the contract. State will pay to the contractor all regular contractual payments incurred through the end of such fiscal year, plus contractual charges incidental to the return of any such equipment. Upon termination of the agreement by State, title to any such equipment shall revert to contractor at the end of the State's current fiscal year. The termination of the contract pursuant to this paragraph shall not cause any penalty to be charged to the agency or the contractor.

4.4. Disclaimer of Liability

No provision of this contract will be given effect that attempts to require the State of Kansas or its agencies to defend, hold harmless, or indemnify any contractor or third party for any acts or omissions. The liability of the State of Kansas is defined under the Kansas Tort Claims Act (K.S.A. 75-6101 et seq.).

4.5. Anti-Discrimination Clause

The contractor agrees: (a) to comply with the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and the Kansas Age Discrimination in Employment Act (K.S.A. 44-1111 et seq.) and the applicable provisions of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) (ADA) and to not discriminate against any person because of race, religion, color, sex, disability, national origin or ancestry, or age in the admission or access to, or treatment or employment in, its programs or activities; (b) to include in all solicitations or advertisements for employees, the phrase "equal opportunity employer"; (c) to comply with the reporting requirements set out at K.S.A. 44-1031 and K.S.A. 44-1116; (d) to include those provisions in every subcontract or purchase order so that they are binding upon such subcontractor or vendor; (e) that a failure to comply with the reporting requirements of (c) above or if the contractor is found guilty of any violation of such acts by the Kansas Human Rights Commission, such violation shall constitute a breach of contract and the contract may be cancelled, terminated or suspended, in whole or in part, by the contracting state agency or the Kansas Department of Administration; (f) if it is determined that the contractor has violated applicable provisions of ADA, such violation shall constitute a breach of contract and the contract may be cancelled, terminated or suspended, in whole or in part, by the contracting state agency or the Kansas Department of Administration.

Contractor agrees to comply with all applicable state and federal anti-discrimination laws.

The provisions of this paragraph number 5 (with the exception of those provisions relating to the ADA) are not applicable to a contractor who employs fewer than four employees during the term of such contract or whose contracts with the contracting State agency cumulatively total \$5,000 or less during the fiscal year of such agency.

4.6. Acceptance of Contract

This contract shall not be considered accepted, approved or otherwise effective until the statutorily required approvals and certifications have been given.

4.7. Arbitration, Damages, Warranties

Notwithstanding any language to the contrary, no interpretation of this contract shall find that the State or its agencies have agreed to binding arbitration, or the payment of damages or penalties. Further, the State of Kansas and its agencies do not agree to pay attorney fees, costs, or late payment charges beyond those available under the Kansas Prompt Payment Act (K.S.A. 75-6403), and no provision will be given effect that attempts to exclude, modify, disclaim or otherwise attempt to limit any damages available to the State of Kansas or its agencies at law, including but not limited to the implied warranties of merchantability and fitness for a particular purpose.

4.8. Representative's Authority to Contract

By signing this contract, the representative of the contractor thereby represents that such person is duly authorized by the contractor to execute this contract on behalf of the contractor and that the contractor agrees to be bound by the provisions thereof.

4.9. Responsibility for Taxes

The State of Kansas and its agencies shall not be responsible for, nor indemnify a contractor for, any federal, state or local taxes which may be imposed or levied upon the subject matter of this contract.

4.10. Insurance

The State of Kansas and its agencies shall not be required to purchase any insurance against loss or damage to property or any other subject matter relating to this contract, nor shall this contract require them to establish a "self-insurance" fund to protect against any such loss or damage. Subject to the provisions of the Kansas Tort Claims Act (K.S.A. 75-6101 et seq.), the contractor shall bear the risk of any loss or damage to any property in which the contractor holds title.

4.11. Information

No provision of this contract shall be construed as limiting the Legislative Division of Post Audit from having access to information pursuant to K.S.A. 46-1101 et seq.

4.12. The Eleventh Amendment

"The Eleventh Amendment is an inherent and incumbent protection with the State of Kansas and need not be reserved, but prudence requires the State to reiterate that nothing related to this contract shall be deemed a waiver of the Eleventh Amendment."

(Office Use Only)

AGENDA ITEM HEADING:

Consider the resolution for the adoption of the Neighborhood Revitalization Plan (NRP) and Interlocal Agreement with DK County and USD 435.

BACKGROUND:

The NRP has been updated to include all three past plans. No district boundaries have been amended, this is just a consolidation of all three districts in one plan: North, Central, and Downtown. This new plan will repeal all previous resolutions and ordinances pertaining to the NRP. The NRP and Interlocal Agreement currently on file did sunset on December 31, 2020. The new plan will be set to expire in five years, December 31, 2026. At that time, staff will update the plan with new land and building appraisal valuations and determine if any other updates are needed.

Under Kansas law, the Interlocal Agreement allows public agencies to jointly perform certain functions, including economic development and neighborhood revitalization. The purpose as outlined in the agreement would benefit the new construction and rehabilitation of structures (within the agreed upon area as defined in the plan, maps included) and would promote the public health, safety, and welfare of citizens in Abilene. This agreement would improve sound growth of the City, promote the expansion and renovation of existing businesses, draw new businesses to the community and develop vacant sites and redevelop aging commercial sites.

The Interlocal Agreement is renewed every five years with Dickinson County and USD 435. This new agreement would expire December 31, 2026.

FISCAL NOTE:

Any increment in property taxes received by the City, County and USD 435 resulting from qualified improvements to property pursuant to the NRP will be credited to the County's neighborhood revitalization fund.

COMMISSION ACTION:

Consider the resolution for the adoption of the Neighborhood Revitalization Plan and Interlocal Agreement with DK County and USD 435.

RESOLUTION NO. _____

A RESOLUTION APPROVING THE CITY OF ABILENE NEIGHBORHOOD REVITALIZATION PLAN AS AUTHORIZED BY K.S.A. 12-17, 114 ET SEQ., AND ENTERING INTO INTERLOCAL GOVERNMENT AGREEMENTS FOR THE ADMINISTRATION THEREOF

WHEREAS, the City Commission of the City of Abilene, Kansas, recognizes the need for redevelopment, reinvestment, and new construction within specific blighted areas of the community; and

WHEREAS, Dickinson County and USD #435 have been invited to participate by entering into interlocal agreements in the future; and

WHEREAS, a method authorized by the State of Kansas to stimulate new investment within blighted areas are to provide certain property tax rebate incentives; and

WHEREAS, the City of Abilene desires to adopt revisions to the Neighborhood Revitalization Tax Rebate Program in conformance with state statutes and the ability to enter into interlocal agreements with Dickinson County and USD #435 in the future; and

WHEREAS, the Governing Body of the City of Abilene, Kansas, specifically finds that areas identified in the Neighborhood Revitalization Plan are areas in which there is a predominance of buildings or improvements which by reason of age, history, architecture, disinvestment, or significance should be preserved or restored to productive use; and that redevelopment of the area is necessary to protect the public health, safety, welfare, and historic investment of the residents of the City of Abilene, Kansas.

NOW THEREFORE, be it resolved by the Governing Body of the City of Abilene, Kansas, that:

The Neighborhood Revitalization Plan is hereby amended to include within the eligibility boundaries certain real property as described in **Exhibit A**, hereto.

The Governing Body of the City of Abilene agrees to reserve the right to enter into interlocal agreements, in a form as provided in **Exhibit B** attached hereto, to provide for the implementation of the Plan, as authorized by K.S.A. 12-2901 et seq., and at such time as interlocal agreements are executed, such agreements shall be incorporated into this Resolution by reference.

Passed and approved by the Governing Body of the City of Abilene, Kansas, on this 22nd day of February 2021.

Part 8: Contents of an Application for Program Participation

The Neighborhood Revitalization Program Application is attached as **Appendix G**.

Part 9: Procedure for Submission of an Application

1. The applicant shall obtain a Neighborhood Revitalization Program Application from the City Manager, or his or her designee, when obtaining a building permit application for the subject improvement.

2. The applicant shall complete and execute Part 1 of the application and file the application with the City Manager, or his or her designee, within 60 days of issuance of a building permit for the subject improvements.
3. The City Manager, or his or her designee, shall forward the application to the Dickinson County Appraiser for determination of the value of existing improvements prior to new construction.
4. The City Manager, or his or her designee, shall return the application to the applicant. The applicant shall certify on the application the status of the project as of January 1 following the start of construction by completing and executing Part II of the application. The applicant shall file the application with the County Appraiser on or before December 1, preceding the year of the commencement of the applicable tax rebate.
5. The County Appraiser shall on January 1 of the year of the commencement of the tax rebate conduct an inspection of the project to determine the value of new construction and shall report the new valuation to the County Clerk by June 1. The tax records on the subject tract shall be revised by the County Clerk.
6. Upon determination by the County Appraiser that the increased valuation meets program criteria for rebate, the City Manager, or his or her designee, shall determine whether the project meets other criteria for a tax rebate and shall notify the applicant of the rebate percentage each year.
7. Upon payment of the property tax for the subject tract for the initial and each subsequent year through the rebate period, a tax rebate shall be made by the City and other participating entities (Dickinson County and/or USO 435) for each entity's apportioned share to the applicant*. The rebate shall be made within thirty (30) days following the payment of taxes by the applicant and submittal to the City of a receipt for said payment. The rebate shall be made from the Neighborhood Revitalization funds of each participating public taxing entity.

*Dickinson County and USO 435 may enter into an interlocal agreement for the administration of the tax rebate program and rebate of their proportional share of the taxes.

Part 10: Standards and Criteria to Determine Program Eligibility

1. The property for which a rebate is requested shall conform with all applicable city codes and regulations at the time of application and shall remain in conformance for the duration of the rebate period or the rebate may be terminated by the City.
2. Any property on which delinquent taxes or other assessments exist shall not be eligible for a rebate until such time as those taxes or assessments are paid.

3. Upon establishment of the increase in assessed valuation resulting from the subject improvement, the approved rebate percentage shall be applicable to any future change in assessed value or mill levy during the period of rebate.
4. The City Manager, or his or her designee, shall have the authority to determine the eligibility of applicants. Within thirty (30) days, a written appeal of that determination may be submitted by the applicant to the City Commission for final determination.
