 - 312 N Vine - building permit
 - 506 S Campbell - mechanical permit
 - 106 N Spruce - sign permits
 - 303 N Broadway - sign permit

6. Comments and Staff Updates

- a. One (1) vacancy currently on the Heritage Commission
- b. [BLOCK](#) grant

7. Adjournment

CITY OF ABILENE HERITAGE COMMISSION MEETING MINUTES

**May 21, 2026, at 4:00 p.m.
Abilene Public Library – Jordan Room
209 NW 4th St. Abilene, KS 67410**

Members Present: Nanc Scholl (Chair), Nicole Beck (Vice Chair), Mary Burtzloff, Kevin Bailey, Andrew Pankratz

Members Absent: Jeff Radabaugh

Staff Present: DCM/Community Development Director Kari Zook

Call to Order

The meeting was called to order at 4:00 p.m. by Chair Scholl

Approval of Agenda

Beck moved to approve the agenda, seconded by Burtzloff. Motion carried unanimously 5-0.

Approval of the Meeting Minutes – January 15, 2026

Pankratz moved to approve the minutes as written, seconded by Bailey. Motion carried unanimously 5-0.

Business

National Preservation Month – May 2026

The National Preservation Month banner has been hung over NW 3rd St for the month of May.

Discussion was held regarding working with the local newspaper to showcase the historic preservation organizations in Abilene and their focus within our community.

Discussion was held on how to prepare for this event in 2027 and what kind of events we could sponsor. Examples discussed were to host a work day for a historic property in town, or host a speaker or workshop to teach community members how to correctly rehabilitate a historic property.

Kansas Historic Preservation Conference – The Sky is the Limit

This years' conference will be held in Wichita, KS October 8-9, 2026. More details to be released when available.

Administrative Review permit approvals:

- 105 NW 3rd St – electrical and roof permit
- 312 N Vine – roof permit
- 210 NW 4th St – building and sign permit
- 101 NW 3rd St – roof permit
- 205 N Broadway St – roof permit

Comments

- City staff from Marysville, KS, visited on April 29, 2026, to discuss downtown historic districts and code enforcement with our Community Development staff and Nanc Scholl, Heritage Commission Chair.

- CLG FY25 annual report (10/1/24-9/30/25) was submitted to SHPO on April 16, 2026. Copies of the report were available for commissioner's review.
- One (1) vacancy currently on the Heritage Commission with Barry Arp's resignation. The membership requirements as outlined in city code were discussed.
- Discussion was held regarding the current seating at the Abilene Stadium. The wood is rotting and the fiberglass covering is shedding, creating a hazardous condition for the public during events. Staff are seeking bids for future replacement, along with grant and possible cost-share opportunities.
- Sunflower Hotel has the potential for new ownership that would include a major rehabilitation investment in the near future.
- Bailey provided an update regarding the steam locomotive rehabilitation project that should be complete by late summer 2027.

Adjournment

Beck made a motion to adjourn at 4:33 p.m., seconded by Pankratz. Motion carried unanimously 5-0.

Minutes Approved,

Heritage Commission

Attest:

Kari Zook
DCM/Community Development Director

Permit # 2026-202

Historic District Review Requirement

If the property is located in the historic district, all projects must undergo review by the Heritage Commission. Many minor projects may qualify for Heritage Commission Administrative Review and can be approved quickly. However, larger projects or those involving significant material changes require approval from the full Heritage Commission board. Permits for properties in the historic district will not be issued until receiving either Heritage Commission Administrative approval or full board approval, as applicable.

I certify that I have read this application and state that the above information is correct and that I, as owner or contractor, agree to comply with all City of Abilene adopted codes related to the above project. I acknowledge that the city is not responsible for covenants, easements, or right-of-way related to the property listed above. I understand that questions regarding property lines or easements should be directed to a licensed surveyor.

Property Boundaries

The red line depicts where the sign will be located.

Elevation Drawings

2ft tall by 13ft 3in wide. Will be less than 4ft 3in from bottom of sign to roof line.

Structural Details

The powder-coated steel sign will be bolted into the roof structure. The entire footprint of the sign will be within the building footprint. The sign will have a scaffold structure for support to handle windloading. There are three mounts (one on each end and one in the middle) that go straight down from the letters. Then there are three additional mounts in the same lateral location of the sign that angle behind the sign for additional support.

Electrical Plans

N/A

Sign Specifications

Powder coated black. If helpful, “The Preservation of Historic Signs” is attached for reference. Though this is a new sign, we believe it is within the guideliness of this NPS document. Specifically, it is within the character of the era when the building was constructed, is a diverse sign compared to others in town, and it does not interfere with the use of other buildings.
